MT. STERLING, KENTUCKY, WEDNESDAY, DECEMBER 13, 1911.

NUMBER 23

JAMES B. McCREARY

Inaugurated as Governor After an Absence from the Chair of 36 Years.

James B. McCreary was inaugurated for the second time as Governor of Kentucky Tuesday. Thirty-six years ago he was sworn in as chief executive of the Commonwealth. Yesterday he took the oath of office, following an election, the result of which clearly demonstrated the wisdom of his nomination by the Democratic party to oppose Judge Ed C. O'Rear, who retires on the same day from the Court of Appeals.

Governor McCreary was sworn in at noon in the presence of the leading Democrats from all sections of the State. A feature of the day was a parade in which the McCreary Guards of 1875 had a part and in which Democratic clubs participated. The inaugural ball at night closed a busy day for the popular ex-Senator and Governor, again the choice for Governor by an unmistakable majority.

A large crowd of prominent Democrats from this city and county attended the inauguration.

Pure linen hand embroidered handkerchiefs, prices from 50 cents to \$2.50 and a beautiful assortment at 25¢ suitable for Christmas gifts at The Novelty Store.

Should Be Stopped.

On several occasions recently some mischievous boys have been stretching wire across the pavement on Riedlmond avenue after dark and causing passers by to stumble and fall. On last Sunday night just before church time this was repeated and came near throwing some parties. This is a dangerous practice and should be stopped. The police are on the lookout and if the parties are caught they will get what they deserve—the full extent of the law.

See our great assortment of candies from 5 to 10¢ per pound cheaper than elsewhere. Over 56 varieties to select from.

O'REAR RESIGNS

From The Court of Appeals and Is Succeeded by Hon. R. H. Winn, of This City.

Judge Edward C. O'Rear, as was predicted several weeks ago, has resigned from the Court of Appeals. Judge O'Rear will engage in the practice of law in Frankfort and is sure to command a large practice as his ability is well known.

Hon. R. H. Winn, of this city, former associate law partner of Judge O'Rear, was named by the Governor to succeed Judge O'Rear. Mr. Winn had the endorsement of practically every leading Republican in the State, and his appointment will be well received everywhere.

The young people left for a short bridal trip on the 3:47 train.

The bride was one of Mt. Sterling's most popular society girls, possessing a sweet and engaging disposition that endeared her to innumerable friends.

MRS. M. H. JORDAN

Sister of Mr. Albert Hoffman, and a Highly Esteemed Lady Dies in Kansas City.

Mrs. Mary H. Jordan, formerly of this city, died at her home in Kansas City, Mo., last Wednesday, after an illness of several weeks.

Mrs. Jordan had been living in Kansas City for the past ten years but is well remembered here where she had so many friends. She was a most lovable woman. Her many tender Christian acts to those in sickness and distress will ever be remembered. She was the widow of Mr. Shelt Jordon, who died many years ago. She is survived by two brothers, Mr. Albert Hoffmar, of this city, and Mr. John W. Hoffmann, of Kansas City.

The remains were brought here Saturday and after a short service at the grave, conducted by Rev. H. D. Clark, were laid to rest in beautiful Machpelah.

Mrs. Thomas was the daughter of Judge J. H. Brent, and has many relatives and friends in this county who will learn of her death with sorrow.

Equal In Guilt.

The difference in the sentences of the McNamara brothers, one of whom is "sent up" for life and the other for fifteen years, calls attention to the need of special legislation providing punishment for the crime of dynamiting property so occupied that its destruction involves a probable, or possible, loss of life.

The McNamara brothers are equal in guilt if their confessions are true. "Jim" asserts that he didn't intend to murder the employees of the Los Angeles Times. Possibly he didn't, although it is unreasonable to believe that any feeling of pity for the defenseless toilers in the Times building would have moved a criminal of his type to forego his intention to blow up the building. "John J." didn't kill anyone when he dynamited the Llewellyn Iron Works. But if murder had been a necessary or probable incidental crime it would not have swerved "John J." from his path as a professional dynamiter.

There have been 113 cases of dynamiting synchronous with labor troubles in six years. The lives of 112 persons have been added to the toll of millions of dollars' worth of property thus destroyed. These acts of violence and murder have, beyond any reasonable doubt, been directed, and the dynamiting scheme has been financed and prosecuted in a businesslike manner.

A sentence of fifteen years in prison for one of the miscreants who participated as in this elevated programme of the master assassins is pitifully inadequate, although it would, of course, be more desirable to bag larger game and guiltier men than the mere handlers of the dynamite. Every State should have upon its statute books a law providing life imprisonment as the punishment for dynamiting.—Courier-Journal.

Will you help them? Doan's Kidney Pills have brought relief to thousands of kidney sufferers. Mt. Sterling testimony proves their worth.

John W. Forman, S. Montgomery street, Mt. Sterling, Ky., says: "I think my kidney trouble was the result of over-exertion. I was obliged to give up all work that required stooping on account of a weak and lame back. I was often laid up for several days at a time and finally I began to look around for a cure. I did not find anything of benefit until I procured Doan's Kidney Pills at F. C. Duerson's Drug Store. I was soon well and strong and now am entirely free from kidney trouble. I am pleased to give Doan's Kidney Pills my endorsement."

MR. R. H. WINN—AN APPRECIATION.

The appointment of Hon. Robert H. Winn, of this city, as Judge of the Court of Appeals, to fill the vacancy caused by the resignation of Judge Ed. C. O'Rear, guarantees to the people of Kentucky that the business of that Court will not be neglected or handled inefficiently, so far as he is concerned.

The appointment is until next November, when the vacancy will be filled by election. He will no doubt be a candidate for the Republican nomination and as it is equivalent to an election, for the good of our State, we hope and believe he will be his party's standard-bearer.

Mr. Winn was born in Montgomery county, forty years ago and is the youngest son of Mrs. Sarah Winn, of this city. His father, Hon. Wm. H. Winn, now deceased, served two terms as County Judge of this county.

He is a graduate of Centre College, now Central University of Danville, Ky., and has been practicing law in this and adjoining counties for fifteen years, about three of which was as an associate of Judge O'Rear and has always enjoyed a large practice.

All his life he has been a student and as he is a gentleman by birth and inclination, he will bring to the discharge of his official duties those rare qualities of mind and heart so necessary in public life. He is also a man of judicial temperament and enjoys the confidence and respect of all who know him.

Judge Winn, we congratulate you! You have the ability, and the opportunity for public service is now at hand. We shall follow your career with interest and confidently expect you to surpass the most sanguine expectations of your friends.

JUDGE O'REAR'S RETIREMENT.

Judge O'Rear's retirement from the bench of our highest court is cause for genuine regret, not only on the part of lawyers, but laymen as well.

Possessing a brilliant and analytical mind and being an indefatigable worker, he was regarded by the best practitioners before that court as its ablest member.

In returning to the active practice of his profession, we predict he will at once command a lucrative clientele, and as an able exponent of up-to-date theories and principles, add to his usefulness as a citizen.

Copies of the proceedings of the Committee investigating the Steel Trust are being received here in great numbers, sent out at the expense of the Government. By the way is this done to aid in the investigation, or is it to further the candidacy of Stanley for U. S. Senator to succeed Bradley?

If the press agent for Pocahontas Heights will make his identity known, we have a very flattering offer to submit to him from the Peruna Company.

By the grace of a kind Providence, it is now Mr. Augustus E. Wilson.

Big Fire at Midway.

The big fire at Midway, which did heavy damage on Saturday night, was completely under control and practically out by daylight Sunday. It broke out in the livery stable of Mr. Matt Winn, on Bruen street, but the origin is as yet a mystery. The flames spread so rapidly that in less than 30 minutes the stable and three residences were burned.

All the principal business houses, including the opera house, on Railroad street, and many residences, the City Hotel, managed by Mr. L. F. Sutherland; the Citizens' Bank and others on Winter street were in great danger, several of the buildings being on fire a number of times and the occupants in many instances moved all their goods out.

It is believed every miner who walked into the Cross Mountain mine at Briceville, Tenn., Saturday morning met death from the explosion that followed within an hour of their going to work. All hope of rescuing any alive was abandoned. There were about 125 who lost their lives.

John J. and James B. McNamara were taken from the Los Angeles jail Saturday and put on board a Southern Pacific train, which took them to San Quentin prison. Both again refused to make further statements as to their crime.

Word was received in Louisville from New York of the plans for the reorganization of the Standard Oil Company of Kentucky. C. T. Collings will be president and W. W. Robertson vice president. The directors will be composed of five instead of nine men as heretofore.

Mr. Hughes Atkinson, of this county, is in Chicago attending the International Show. He has a carload of his thoroughbred swine with him and expects to carry off his share of premiums.

James C. Peters has bought of J. O. Kash, his residence on Winn street and gets possession March 1. Mr. Kash will probably locate in Frankfort.

Mr. James R. Magowan had the misfortune of losing one of his fine colts last week. The colt's name was Peter My Boy, b. Peter The Great, and was among the number of colts taken to New York and contracted pneumonia while there, which resulted in his death. Mr. Magowan's many friends sympathize with him in the loss of this splendid colt.

Chorn Home For Sale.

The dwelling house and lot (21 acres) of the late Mrs. M. W. Chorn, on North Maysville street, is for sale by the undersigned. The house is a two-story brick of eight rooms and kitchen and servant's room above, packing room, bath room, city water connection, sewer connection, natural gas heating and lighting, hot air furnace, open grate settings, large porches, and upon a high situation on the west side of the street.

There are two cisterns, coal house, carriage house, poultry yard and house, meat house, a seven-stall barn, and all necessary outbuildings.

The lawn is well shaded. There is a large and excellent garden, and a grass lot for horse and cow. There is a fine producing asparagus bed, currants, apples, pears, fine and abundant grapes, and other fruits.

The property is in good repair. It is a complete home in every way. Its large grounds make it especially desirable, as it combines both a country and town place.

I will gladly show the property to any interested party.

R. G. KERN,

Executor of Mrs. M. W. Chorn.

A TRIBUTE

To the Memory of James E. Heden, Shelbyville, Ky., Who, On Wednesday Morning, December 6, 1911, at 1:20 o'clock, Departed This Life to be With God.

It was the 16th day of August, 1852, that James E. Heden was born in Shelby country to Jacob and Susan F. Heden, and one elder brother, who pens this tribute, among the first to view the babe of promise, was the last to rest the loving hand as he departed to be with God.

I have known brother Jim from the cradle to the grave. My brother was never a bad boy. Obedient and loving to father and mother, regardless of the rights and feelings of others, he passed from the child of six years to the schoolboy, where, under the tutelage of that grand patriarchal saint of God, Rev. B. F. Hungerford, he passed to young manhood, and, choosing the farm life, began a work of till which gave success according to continuous effort.

In early manhood he became a member of the Baptist Church, and to the Christian religion he gave thought, labor and substance as to his life work. If there was ever a man to question his honesty of purpose I have never heard of it. Thus he lived and died.

In the fall of 1884 he was married to Miss Elizabeth Brown, and to them were born three children. In the Salem graveyard rests two children, and his survivors are one daughter, Miss Clara, and his devoted wife. As husband and father he was considerate, painstaking and true. He lived to see his daughter educated, converted and grown, and happy he was when he knew they were a saved family.

Successful in business, his life an example to family and friends; he was ready when the moment of dissolution came.

Rev. B. F. Hungerford, who conducted the funeral service, educated him, baptized him, received him into the church and married him. It was this eminent divine who had known him long and well who said: "Of this Christian character it is easy to speak, and words are idle expressions when called to picture the life and character of this good, just man."

"How can we get along without him?" were expressions of his neighbors, and such expressions serve as exponents to the perfect life. The end followed the words: "I have fought a good fight, I have done my best, my life I have tried to make an example for you," and thus his life went out, and God who gave, received it. Of him it could be appropriately said:

"Death is no specter grim or thing of dread; No spirit fraught with evil and to strike; But just a portal dark that lies ahead; And opens on the mysteries of life."

Saved by grace, no terrors of death, an upright life, adorned with deeds of kindness and love, his is eternal in peace and joy with the redeemed.

"God keep us in the kindly track,
That leaves the ill behind!"
God turns us on the flower-way,
Our way to the bright day;
God give us grace to wield the pen
And so direct the press;
That we may front our fellow men.
To ever blessedness!"

What Can Be Done By Education.

Even with general conditions continuing as they are, the death rate from tuberculosis should be reduced one-half by teaching people that consumption is an infectious disease, and that it spreads from one to another.

By impressing physically strong and healthy people with the importance of avoiding the consumptive persons with the importance of using the greatest care to avoid jeopardizing others.

It then remains, in order to completely stamp out the disease, to enact legislation that will supply the necessary sanatoria and hospital care for those infected and to relieve the healthy of the dangers of becoming infected, to create such conditions as will make it possible for the poorest to live and work in a healthful environment and to safe-guard their physical and moral well being when they are seeking public refreshments and amusements.

The Christmas Seal Sale Campaign will soon begin and the public will be given an opportunity to help stamp out the great White Plague which is so heavily taxing our citizens.

A meeting of the Lexington Clearing House Association was called at the request of National Bank Examiner Percy H. Johnson.

A circular from Lawrence O. Murray, Comptroller of Currency, United States Treasury Department, on the subject of overdrafts, was presented. In it attention is called to the fact that the National Bank Act is silent on the subject of overdrafts, but that the Supreme Court of the United States had given an opinion in 1 Peters, page 71, that an overdraft whenever given by cashier, was at his own peril and upon the responsibility of himself and his sureties.

Public Sale of Blue Grass Farms

I will sell at Auction, on the premises, at Thomson Station, Clark county, Kentucky, on the C. & O. R. R., midway between Winchester and Mt. Sterling

WEDNESDAY, DEC. 20, 1911

At 10:30 O'clock, a.m.

600 Acres of Land

being a portion of the once famous Harrison Thomson Farm, well known for its growth of large Walnut, Poplar, Blue Ash and Sugar Trees indicative of the finest of Blue Grass soil and famous for its productiveness and large yields of the various crops grown in this section. This land will be offered in four parcels.

TRACT NO. 1

containing 266 acres, and is located on the north side of the C. & O. R. R. land adjoins Thomson Station, and is bounded on two sides by first-class turnpikes; all of said tract is well set in Blue Grass and Clover with the exception of 50 acres in Rye. All of the entire offering is naturally first-class tobacco land. I grew on this tract this year 10 acres of tobacco that is estimated at 2000 pounds per acre and 40 acres of corn that is making 50 bushels per acre. With an ordinary season it would have made 75 bushels. There is on this tract two 3-room houses, one of which was built this year; two fine never-failing ponds, 17 feet deep, in fact, two of the finest in the country; also several never-failing springs. There are several beautiful building sites fronting the pikes. This tract will first be divided and offered in two parts and then as a whole.

TRACT NO. 2

is located on the south side of the C. & O. R. R. and adjoining Thomson Station, containing about 217 acres, with a good pike frontage; land is well set in bluegrass, well watered, has one 5 room tenant house, one \$3,000 barn, will hold 25 or 30 acres of tobacco. This tract has a beautiful building site and is in every way a desirable body of land.

TRACT NO. 3

has about 120 acres, south of the railroad, with pike frontage, well watered, all in Clover and recently sown in Rye; has \$5000 worth of improvements in the way of three tenant houses and two large tobacco barns that will hold 30 acres of tobacco.

Possession given January 1st, 1912, reserving the right to get crops off of land and out of barns and the use of tenant houses until March 1st, 1912.

TERMS:—One-third cash, balance in equal payments in one, two and three years; all cash if purchased so desired.

The ridge on which this land is located is 1100 feet above the sea level. This is a remarkable advantage over any part of the Blue Grass section. It is 15 or 20 feet to the rock. This fact enables it to stand drouth better than any of the Blue Grass section.

It is located on the headwaters of the Red River, Licking Valley and Big Stoner.

Parties desiring to look at this land may do so by calling on H. P. Thomson on the premises or by calling on Bloomfield & Ratliff or Tracey & Stokely, Real estate dealers, Winchester Ky., who will gladly take you to the farm and show you any part or all of it.

State's Veterinarians Seek More Protection.

A bill has been drawn up by the Kentucky Veterinary Medical Association and will be introduced at the coming Legislature for enactment into a law. The bill is similar to one introduced at the last session, but has been revised and corrected, not including any phase of the tuberculosis question. It has for its purpose, to place the veterinary practice in Kentucky in the hands of competent and educated men, and thereby elevate the profession. It provides among other things for a board of veterinary medical examiners; compels the issuance of licenses to practitioners, together with the registration of these licenses, and provides a penalty by fine or by jail sentence, or both, for violation of the act.

The appointment of the board is left within the hands of the Governor who shall announce his selection within thirty days after the passage of the act. The board is to consist of four members, who shall be persons of recognized professional ability and graduates of a school of veterinary medicine, surgery or dentistry, recognized by the American Veterinary Medical Association, and who shall have practiced veterinary medicine for five years preceding appointment.

The term of office for the board, as provided in the bill, is to be, one for one year, one for two years, one for three years, and one for four years, or until their successors are appointed. Commencing with 1909, members of the board will be appointed for four years. Each member is to receive \$10.00 for each day's work, together with necessary traveling expenses.

This board is to meet the first Monday in August of each year, commencing with August 1912, and is to examine all persons desiring to practice veterinary surgery. The bill exempts from its provisions every person who is a graduate of a veterinary school recognized by the board, and also every person who has practiced veterinary surgery in the Commonwealth for five years. This class may receive a license to practise as provided by the bill, with examination and a fee of \$10.00.

The bill makes the following exemptions: Persons gratuitously treating animals in cases of emergency, provided they do not represent to be veterinarians; persons in rural districts or small town where the services of a registered veterinarian are not obtainable, provided they have the written consent of the Board of Veterinary Examiners; student practicing under preceptors; veterinarians in the United States Army or Bureau of Animal Industry; veterinarians in other States meeting those of this State in consultation; veterinarians residing in other States, provided they do not establish an office in this State.

The need of such a law is unquestioned, as Georgia, Texas and Colorado in their last session passed similar bills, and it is hoped Kentucky will duplicate their wisdom.

Mrs. Effie Graham, of Willard, Ky., says: "I was so weak I could hardly go. I suffered, nearly every month, for 3 years. When I began to take Cardui, my back hurt awfully. I only weighed 99 pounds. Not long after, I weighed 115. Now, I do all my work, and am in good health." Begin taking Cardui, today.

Sentence Passed.

Judge Walter Bordwell at Los Angeles passed sentence on the McNamara brothers, confessed dynamiters. James B. McNamara was given a life term in prison, and John J. McNamara fifteen years. Judge Bordwell issued a statement denouncing the Lincoln Steffens story. Clarence S. Darrow, chief attorney for the defendants declared that the sentence imposed was satisfactory. The Federal grand jury will subpoena the prisoners to give evidence.

ZEMO MAKES ASTONISHING ECZEMA CURES

"WE PROVE IT."

Every day ZEMO gives relief and cures men, women and children in every city and town in America whose skins are on fire with torturing ECZEMA rashes and other itching, burning, scaly, and crusted skin and scalp humors.

ZEMO and ZEMO (ANTISEPTIC) SOAP, two refined preparations will give you such quick relief that you will feel like a new person.

We give you three reasons why we recommend and endorse ZEMO and ZEMO SOAP for all skin and scalp eruptions.

1st. They are clean, scientific preparations that give universal satisfaction and are pleasant and agreeable to use at all times.

2nd. They are not experiments, but are proven cures for every form of skin or scalp affection whether on infants or grown persons.

3rd. They work on a new principle. They do not glaze over the surface, but they penetrate to the seat of the trouble and draw the germ life from underneath the skin and destroy it. In this way a complete cure is effected in any case of SKIN OR SCALP ERUPTION.

LIFE NOT WORTH LIVING

May Miss Alta Abel of West Baden, Ind., summed up her existence after having sought in vain for health. She writes: "I was a complete wreck—always tired, worn out and nervous. I had to spend about one-third of my time in bed."

"Vinol, your delicious cod liver and tonic, was recommended, and I can truly say it has done me more good than all the medicine I ever took in my life. That nervous and tired feeling is all gone. I have gained in health, flesh and strength, until I feel like another person." (We guarantee its testimonial to be genuine.)

What Vinol did for Miss Abel, we know it will do for every nervous, down, overworked, tired, thin and courageous woman in this vicinity.

Only Kentucky Town That Bars Negro Race.

Island Station, McLean county, is said to be the only Western Kentucky town which bars negroes and not a single representative of the Ethiopian race is to be found there. Occasionally a colored man, beating his way on a freight train, stops off for a few minutes, not knowing of the antipathy. He soon "beats it." Even the colored porter on the passenger trains are shy about getting off at Island, and when they do it is only for a moment. Island is a town of 1,000 population and is located on the Louisville and Nashville railroad, in McLean county.

Short Courses in Agriculture.

On the Second day of January, 1912, the College of Agriculture of the State University will begin its farmers' courses or short courses in agriculture. The first week of this time will be designated Farmers' Week. The time will be consumed by the annual conventions of the various live stock breeders' associations, including the dairy and beef cattle, swine, sheep and horse, the annual meeting of the State Horticultural Society and the Corn Growers' Association. Each of these associations will devote one day to their program, some of the conventions running simultaneously in different rooms.

This week affords the best possible opportunity, not only to hear an interesting and instructive program by practical and professional men of State and nationwide reputation, but also an opportunity to meet a large majority of the most successful farmers and stockmen of our State. Not only will the farmer find the week spent at the college pleasant and profitable, but also his wife and daughter will find that special ar-

rangements have been made for them in the way of instruction in household economies. Lectures, demonstrations and practical exercises in cooking, sewing, home decoration and other matters pertaining to the home will be treated.

During Farmers' Week the State Corn Show will be held, with a large number of classes for both the adult and boys' departments, and a most attractive premium list is offered. At the same time there will be held the State Dairy Show, with exhibits of milk and cream of both certified and market classes, and butter made at the creamery and on the farm, each in its class. A separate premium list will be offered for the various classes, making it well worth while to compete in any of them. The State Horticultural Society is also arranging for an elaborate exhibit. Special folders giving information concerning each of these departments will be mailed to any one on request.

Reduced rates have been secured over all the railroad lines to put it within the means of a larger number to attend.

Immediately following Farmers'

Week will come the regular Winter Short Course in Agriculture, intended for the practical farmer who cannot leave his farm to take any of the regular college courses. This course continues until the middle of March, treating practical farm problems and operations in a scientific manner. The time was selected during the winter in order that it might be possible for the farmer to leave his work, which would not be the case if the work were conducted in the summer.

The facilities for teaching are perhaps as good at the Kentucky Agricultural College as at any other place in the country, especially in the ease of live stock and dairying. Among the subjects treated will be agronomy, or general field crops, animal husbandry, diseases of live stock, farm and home sanitation, including dairy bacteriology, farm dairying and dairy management, botany; horticulture in its various phases, economic entomology or the study of injurious and beneficial insects, road construction and maintenance, farm law, weather forecasting and farm accounts.

Taft's Message.

President Taft's annual message to Congress, which was read in the Senate and House, is devoted solely to the trust question. Democratic leaders regard it as an attempt to sidetrack the tariff issue in the 1912 presidential campaign. The Republican leaders say the message is the strongest utterance the President ever made.
